

VAN NOSTRAND REINHOLD COMPANY PRESENTS
**INTERNATIONAL JOURNAL
OF BEHAVIORAL GERIATRICS**

The INTERNATIONAL JOURNAL OF BEHAVIORAL GERIATRICS publishes original contributions on human aging exploring clinically relevant psychological problems through the use of objectively defined indicants of behavior.

Reports of etiology, assessment, and treatment are included from an interdisciplinary perspective including the fields of psychology, speech and physical rehabilitation, physiology, pharmacology, medicine and behavioral medicine, nursing, and environmental engineering. Both the effects of functional and organic variables on observable behavior are included.

The JOURNAL accepts studies involving clinically relevant age-related behaviors or those that may be found in other age groups (i.e., progeria, early Alzheimer's manifestations).

A paper will be considered for publication in the JOURNAL if it is:

- A report of original research that employs experimental or correlational methodology employing within or between subject designs.
- A sound, brief report of an innovative treatment or assessment technique which may be somewhat less methodologically rigorous.
- Occasionally, a theoretical paper dealing with new relationships with potential for empirical verification.

No case studies or animal analogues will be published, though single case experiments are welcome.

The INTERNATIONAL JOURNAL OF BEHAVIORAL GERIATRICS is published in a 6 x 9" format with four quarterly annual issues totalling approximately 400 pages. The subscription rate for one year is \$96 for institutional subscribers and \$48 for personal subscribers.

All editorial correspondence should be directed to the Editor-in-Chief, Richard A. Hussian, Ph.D., Geriatric Ward, Terrell State Hospital, Box 70, Psychology Department, Terrell, Texas 75160.

Papers are invited for review by the Editor-in-Chief and the Editorial Board. Please address all queries to the Editor-in-Chief. Manuscripts should follow standard APA form.

All correspondence related to **subscriptions** should be directed to Willis C. Walker, Van Nostrand Reinhold Company, Professional Journals & Periodicals Division, 135 W. 50th St., New York, NY 10020. 212 265-8700.
